

Valor Hospital Program

Valor HospiceCare & PalliativeCare focuses on the collaborative pursuit of improved palliative and end-of-life hospice care with area hospitals and acute care facilities. Our hospital program focuses on creating a continuum of services across institutional and provider settings to benefit patients, caregivers, families and hospitals in many ways.

Features and benefits of the program include:

- Educating Hospitalists and Case Management Groups on the Hospice Benefit and Advance Care Planning
 - Providing Assessment and Admissions Counseling and Services to Discharge Planners
- Expediting and Expanding Access to a Continuum of High Quality Palliative Care Services, including Inpatient and Respite Care For Contracted Facilities
- Extending our Hospice-Hospital Partnership Through Improved Understanding About the Resources of Each Program
 - Identifying Strategies for Improving Patient and Family Satisfaction Ratings
- Providing Greater Access to Professional Community-based Bereavement Services for Families of Deceased Program

If you are interested in learning more about our hospital program, please contact 877.615.3996 or visit www.valorhospicecare.com for further information.
