

Valor HospiceCare & PalliativeCare Overview

Valor HospiceCare & PalliativeCare provides compassionate care for patients with acute chronic diseases and a terminal illness and support for their families and loved ones.

As one of the most innovative leaders in hospice and palliative care, our team of Physicians, skilled nurses, social workers, spiritual care providers, home health aides and trained volunteers provides physical and emotional comfort during the final months of life either at home or in a care facility setting. We develop an individualized palliative care plan, the Valor PatientCare™ program, directed by the patient and their family along with the patient's physician. We also include many unique solutions to help better support the medical and healthcare community, including Valor DoctorCare™, ManagedCare™, PrivatePay™ and Nursing Home/Assisting Living Facility programs.

Exceeding Standards in Patient Care

The Valor HospiceCare & PalliativeCare team is made up of local, experienced hospice professionals and volunteers who are committed to providing the highest quality care and service to patients and their families. We provide professional services regardless of diagnosis, age, gender, sexual orientation, racial or ethnic background, or religion. As a locally owned and managed company, our team includes friends and neighbors from the community who are able to serve patient and family needs quickly and efficiently -with the highest quality care.
