

Valor Volunteer Program

Volunteers are the heart of our Valor PatientCare™ program —with them, we extend and enhance the comprehensive, high-quality care provided by our professional team and bring compassionate care to another level. The gift of time, compassion, skills and spirit given by our volunteers is, as are they, invaluable.

Valor HospiceCare & PalliativeCare volunteers come from all walks of life. They are homemakers, students, retirees, professionals. They come to serve individually or as service groups. They represent a variety of faiths and cultures. However, they all have one thing in common – compassion, heart and the desire to support and care for those facing end of life issues.

In addition to gaining the practical skills and knowledge needed to serve our patients and families in their initial training, Valor HospiceCare & PalliativeCare volunteers receive extensive, ongoing, comprehensive training and support throughout their tenure.

If you can write a letter, make a phone call, rake a yard, run an errand, bake a pie, sit quietly, feel deeply, stick a stamp, build a data base you can make a difference in some one's life. Volunteer opportunities are available in patient and non-patient settings. Schedules are flexible.

If you are interested in learning more about our volunteer program and training opportunities, please contact our Volunteer Coordinators at 877.615.3996 or visit www.valorhospicecare.com for further information.
